PLENTY PILIKIA OVER BIG LUAU

Fern's Enemies Are Said to Be Whetting Knives.

Trouble is brewing between the Mayor's office and the Governor's office over that luau. The Mayor, so it is stated by certain government officials, is insulted at the attitude of the Governor's office and the Entertainment Committee toward his big feast, and as evidence of his injured feelings, the coveted invitations to the luau have not been dispensed with any great degree of liberality about the Executive building. The heads of departments, of course, have been invited, but many of the Hawaiian and part-Hawaiian employees of the territorial government have been left out in the cold. It is not at all sure that this has been done through instructions from His Honor, however, in fact, it is hinted that there is more or less politics mixed up in the business—and that it is not Mayor Fern who is playing politics, either. The Mayor is not issuing the tickets himself to this luau but has delegated that labor of love to others.

The trouble between the municipal and territorial governments and their respective heads and subheads is said to have arisen on account of the refusal of the Entertainment Committee, to make an appropriation to help pay the expenses of the luau. The committee was expected to come to the aid of the Mayor and the city government financially in this matter, but, possibly on account of a misunderstanding, backed out at the last minute.

The luau, although generally labeled "the Mayor's luau," is really supposed to be given by the City and County of Honolulu in honor of the visiting Congressmen. But the indications are, that before the bills are all paid, it will really be very largely the Mayor's luau, for the city fathers failed to come through for more than \$200, and it is evident that \$200 will not last long when it comes to giving a luau for several hundred guests. Mayor Fern is liable to have to dig very far down into his own pocket before he gets through.

His Honor has already discovered that it is no bed of roses he prepared for himself when he planned the big social function, for he and all his office force, not to mention the Supervisors and the other municipal officers, have been besieged with requests for invitations. The telephone rings constantly; the Mayor has a hunted look; those who got invitations took them as their right and those who didn't, look sour and plan how many votes they can win away from the Mayor next election. The troubles of a policeman are nothing to those which His Honor, Mayor Fern, is now carrying on his shoulders, and all because he tried to be nice to the Congressional party. Meanwhile, some who are supposed to be his friends are publicly making political capital out of the affair and are whetting their knives for a sly dig at Joseph Fern when the time comes.

NEW EDUCATORS AT KAWAIAHAO SEMINARY

Kawaiahao Seminary, now the Girls' Department of the Mid-Pacific Institute, is to be congratulated on being able to secure such able helpers as join the teaching force this coming month.

Miss Lucy Tappan, of Gloucester, Massachusetts, is to organize the beginning of the High School course. Miss Tappan is a Vassar graduate and has taught both in Vassar and in the University of Colorado. She has studied in Germany, France and Spain and for the past six years has been at the head of the Modern Language department at Mt. Hermon Seminary, Mt. Hermon, Massachusetts.

Miss Mary F. Kinney, a graduate of Oberlin College, and for several years a most successful teacher in San Diego and later at Miss Head's School in Berkeley, will add greatly to the strength of the teaching force in the grade work.

The Nursing department will be in charge of Miss Leora Worthington, a graduate of Whitman College, Walla Walla, Washington; St. Luke's Hospital and Sloane's Maternity Hospital, New York city. Under Miss Worthington's able instruction, the seminary hopes to develop a nursing course that will train the girls to do efficient nursing in our island homes.

Miss Worthington's sister, Miss May Worthington, also a graduate of Whitman College, is to be housekeeper and in charge of the Domestic Science classes. There will be special cooking classes for the girls in the higher grades.

So great has been the demand for girls to do simple sewing in homes, that the Sewing Department, which was so skillfully handled and developed by Mrs. Franklin Burt, is to be given an assistant teacher—Mrs. Annie L. Houghton.

With a constantly increasing number of Oriental students, the demand for courses in their own languages has led to the engaging of a native Chinese and native Japanese teacher to take charge of the courses in Oriental languages.

The new school year will open September 13, and there is every indication of a larger enrollment than that of this past year.

HABEAS CORPUS FOR ATCHERLEY

The Writ Was Signed by Judge Woodruff Yesterday Morning.

Mary Atcherley succeeded yesterday morning in breaking into the United States District Court and getting a writ of habeas corpus for her insane husband, so it is probable that she will succeed in keeping the attorneys for the Territory, and the many witnesses she and her husband insist upon calling busy for some time yet. There is no indication at present that she has reached the end of her resources.

The writ was signed by Judge Woodruff before nine o'clock. The Attorney General's department anticipated this move on the part of the Atcherleys but did not think it would be made so early in the day, so there was no one present when the petition was presented to oppose its being granted.

There is little reason to believe, however, that the Federal court will interfere permanently with the territorial courts, as this matter was passed upon over a year ago in the John Marks case. George A. Davis succeeded in getting a writ of habeas corpus for Marks, but when the matter came up for hearing, Judge Dole refused to release the prisoner, holding that the Federal courts could not rightfully interfere with the territorial courts. The case was carried up to the Court of appeals of the Ninth Circuit, but the transcript was never filed and the case was dismissed on motion of an attorney appearing for the Territory.

The same question was passed upon by the Supreme Court of the United States in the Morita Keizo case. That case came before the United States Supreme Court by the habeas corpus route, but the court refused to consider it on its merits at all for that very reason, holding that the case should properly have come up on writ of error. So precedent, at least, is against the Atcherleys in this attempt on their part to secure the release of the doctor from the insane asylum.

The writ is directed to Dr. Peterson and is made returnable at nine o'clock tomorrow morning.

GOVERNMENT LOTS SOLD AT AUCTION

Over \$9000 were realized by the Territory last Monday from the sale at public auction in front of the Executive building of a number of government lots scattered about in various sections of the city. Marston Campbell, Superintendent of Public Works, acted as auctioneer.

One lot at the corner of Pauahi and Maunakea streets was sold to the Bishop Trust Company for \$3800. A lot on Beretania avenue between Maunakea and River was bought by Wong Yon, trustee, for \$1700. The site of the old kerosene warehouse on South street went to the Trent Trust Company, Ltd., for \$1400. A small remnant at the corner of Alapai and Spencer streets was sold to Mrs. Virginia Gomes for \$367. A considerable number of the Waikiki lots at Moiliili were offered for sale, but only a few of them found buyers. Lots 33, 34, 39 and 40 were sold to J. P. Looney for a total of \$1700. Lot 4 went to W. R. Castle, trustee, for \$300, and lot 38 was bought by Hose, Liila for \$250.

TIMBER LANDS SOLD AT PUBLIC AUCTION

Four hundred and fifty acres of government lands in the Puna district were disposed of at public auction by the land office Monday noon, the Hawaiian Development Company being the only bidder, at the upset price of \$6 per acre. The company was required to pay for only 225 acres, however, only that portion of the land being valuable for timbering purposes, which is what the purchaser wanted it for.

A ten-year lease of 345 acres of cane land at Kulimano was sold to the Pepee Sugar Company for \$2000 per year for the ten years of the lease.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigour—

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certain secured by a course of

THE NEW FRENCH REMEDY THERAPION No. 3

is a new existence imparted in place of what has so lately seemed worn-out, "used up," and valueless. This wonderful medication is purely vegetable and innocuous, is agreeable to the taste, suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that has preceded it for this wide-spread and numerous class of human ailments. It is sold by

THERAPION the principal Chemists throughout the world. Price in England, 2/9 per packet. Purchasers should see that the word "THERAPION" appears on British Government Stamp in white letters on a red ground affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery. Therapion may now be had in tasteless form.
